

Conference on ASIA Road Safety (CARS) 2024

CARS 2024 3rd Day Activities

Heavy Vehicle Conference 2024 (HEVTEC), PICC

Background

HEVTEC 2024 is a landmark initiative by PLUS, aimed at engaging the heavy vehicle industry to share best practices in road safety. Aligned with PLUS' 5Es of Road Safety (Engineering, Education, Enforcement, Emergency Response Plan, and Evaluation), the conference aspires to provide participants with valuable insights into infrastructural advancements, policy updates, and regulations relevant to the logistics and transportation sector in Malaysia.

This year, we are excited to host HEVTEC 2024 in conjunction with the Conference on Asia Road Safety (CARS 2024), jointly organized by Pertubuhan Keselamatan Sosial (PERKESO) and the Malaysian Institute of Road Safety Research (MIROS).

Program Details

Conference on ASIA Road Safety (CARS) 2024

CARS 2024 3rd Day Activities

CARS 2024 Technical Visit 2

Visit to MIROS Provisional CRASE Crash Centre (MIROS PC3), Malacca

Background

The MIROS Provisional CRASE Crash Centre (MIROS PC3), located in Malacca, is a leader in vehicle safety testing in Malaysia. The facility performs a range of crash tests, including those based on ASEAN NCAP protocols and evaluations against road furniture. Equipped with advanced technology, MIROS PC3 provides crucial data to enhance automotive safety. During CARS2024, visitors will have the opportunity to experience and witness car crash tests and understand how they play a vital role in making vehicles safer on the road.

Program Details

- ❖ Limited to 40 CARS2024 Participants
 - ❖ Meeting point at PICC
 - ❖ Breakfast and Lunch Provided

Conference on ASIA Road Safety (CARS) 2024

CARS 2024 3rd Day Activities

CARS 2024 Technical Visit 3

Visit to PLUS Traffic Monitoring Centre (TMC), Persada PLUS

Background

PLUS is committed to ensuring safe, smooth, and comfortable journeys, with the PLUS Traffic Monitoring Centre (TMC) serving as a vital traffic management hub. Established in Subang, Selangor in 2008, the TMC operates 24/7, catering to almost 1.8 million vehicles daily. It manages over 1 million calls annually and plays a key role in real-time traffic monitoring, near real-time information dissemination, and emergency management and assistance coordination for the expressway users.

TMC PLUS Also:

- Manages customer call/requests received via [1800-88-0000](tel:1800-88-0000) (PLUSLine), Emergency Telephones, and SOS Button on PUTRI Virtual Assistant or PLUS App.
- Relays and communicates user emergency assistance to PLUSRonda.
- Manages Intelligent Transport System (ITS) equipment such as Closed Circuit Television (CCTV), Variable Message Sign (VMS), Oversized Vehicle Detection System (OSVD), Emergency Telephone (ET), SMART LANE, Video Wall, Automatic Vehicle Detection System (AVDS), and more.
- Disseminates real-time traffic information to our highway customers through X@plustrafik, PUTRI Virtual Assistant, PLUS App, Variable Message Sign (VMS), PLUSLine, and radio stations.
- Liaises with relevant authorities, stakeholders, and appointed service providers for faster incident/breakdown clearance on the expressway mainline.

Program Details

- ❖ 120 participants will be divided into 3 buses (40 passengers per bus).
 - ❖ All buses will depart together at 10:00 AM. There is only 1 trip.
 - ❖ Meeting point at PICC
 - ❖ Lunch Provided
